MINING, BUSINESS AND STOCKS.

LOCAL EXCHANGE WILL INAUGURATE REFORMS

Meeting Bein't Held This Afternoon To Talk of Necessary Changes-Better Protection for Business.

Following close upon the heels of the failure of two of the local brokerage houses, James L. Hamilton and Fred R. Davis & Co., a meeting has been of the Salt Lake Stock and Mining

of the Salt Lake Stock and Mining Exchange for the purpose of discussing, with the intent of introducing, a number of reforms. The meeting is being held this afternoon. Not only will the brokers discuss means of better protecting themselves against unscrupulous members, but will also take up several matters of better protecting the public in their investments.

A meeting of the various firms who are creditors of J. L. Hamilton, was held this morning. It is understood that in several of the transactions some of the brokerage houses have become hadly mixed up and considerable difficulty will be encountered in settling the accounts.

About the exchange today there was considerable talk of making the various brokerage establishments, members of the exchange, make a statement of their financial affairs at stated intervals. It is declared that this will be as fair as the statement required by the board in passing upon the application of a person wishing to get a seat transferred to his name. Another feature is the requiring of certified checks in some of the transactions.

The brokers all admit that changes

The brokers all admit that changes

are necessary.

One firm was recently suight by loaning a broker 3,000 shares of stock on an I. O. U. When the borrower falled the firm lest the stock. The loan was probably made to cover a short until the stock could be bought in on the board.

THAT "SELLER 60."

Among the things that will be taken up today by the exchange, it is said, will be the "seller 50." This it is declared is only for the brokers' advantage and on account of its execution only those on the market benefit by it. Every exchange that has used it, according to good authority, has failed. One argument against it is that it does not tie up stock. The "buyer 60" can put more stock into the er 60" can put more stock into the market than can be taken care of by a company that wishes to protect its stocks. A greater part of the time it is said that no money is put up as a margin and it has become a rule that no stock is taken out of circulation for the deal as in the case of a "burer".

no stock is taken out of circulation for the deal as in the case of a "buyer."

One remedy that has been suggested is that if a broker wishes to sell a "seller 60" he should put up the stock and a margin should go with it, the same to be deposited with the secretary of the exchange and that 25 cents be charged to make the trade. This it is declared would eliminate wash sales and make all sales actual transactions.

Another thing that is being agitated

Another thing that is being agitated on the exchange is the requiring of a quarterly statement from the listed companies. The unofficial curb market of New York, which is only a voluntary organization, requires statements from the companies.

The securing of the business that will be developed by the Jarbidge district is another point that will be taken up by the exchange. According to what has been done thus far it is the intention of the exchange to send Caller George Wasson to Jarbidge shortly to look over the situation, explain matters to the people of the camp and lay out plans for the future business from that district. Mr. Wesson is a man of long experience in the brokerage business and it is declared that he would be an expert in the line of ould be an expert in the line of

REAL ORDERS EXECUTED.

Poorest Market This Year Sees Much Better Tone.

four years was had on the local stock exchange this morning, it was steadler and had a more healthy tone than has been noticed in many months. There was scarcely a sale that could be pointed out this morning that was not an actual order. The volume of business was extremely small, in fact, it was nearly \$1,000 less than the smallest market had at any time this

Year.

One thing that it is said to indicate is that there is a keener interest being taken on the part of the public, and the brokers were doing real buying and selling.

Columbus Consolidated was lower today, while Colorado heid out strong at
79 cents. Iron Blossom was slightly
hit by the "seller" faction, but maintained a good position under considerable selling. Ohio Copper probably
registered a wash sale as it sold at
\$3.90, while the stock was disposed of
on the New York market at \$4.12½.

The total number of stocks sold this
morning was 15,500, while the amount
represented was \$5,163.
On the curb market only two sales
were made. They were: 1,000 shares of
Ely Centennial at 30 cents and 100
Utah Mine at \$1.

CONCENTRATES.

The Cliff mine of Ophir is now send-ng out its usual tonnage of ore. There will be no session of the Chi-ago board of trade on April 5, on ac-count of it being election day.

The private wires to the local broker-age houses will be again in operation emoryow, after being out of commis-

President and General Manager S. M. Levy on returning from Ely yester-day, had nothing to say on the con-solidation of the Ely Verde and the Ver Consolidated

Wake Up Johnnie is the name of a new town near Barstow, Cal., which rounises to depopulate the latter, Rich old strikes at Wake Up Johnnie have tarted a rush in that direction.

The latest shipment of 26 tons of ore from the Utah Mine at Fish Springs notted the company \$2.719.59. The ore showed values of 65 per cent lead and 14 curses in silver. The company is chipping two cars a month,

A giant cave has been encountered in the 500-100t level of the Carisanne at Tintie. It is declared to be at east 100 feet long, but its height and epth above and below the 500-foot evel has not been ascertained.

A dispatch from Richfield says that Parley Anderson of that place has dis-overed an eight-foot ledge of 7.5 per-ent copper ore in Hed Butte can on a few miles east of Annabella. The ore contains also values in gold and

John A. Kirby of the Nevada Hills nine, has returned from Fairview where he has been looking over the property. He says the mines at Fairiew look better now than they ever lid. The Nevada Hills is now taking at from two to three ears of high rade a month.

grade a month.

Receipts at the local assay office fell below the normal this month on account of washouts an the railroads which diverted gold to Carson or the coast. During March, 1,481.72 ounces in gold, valued at \$27,566.91, and \$90.24 ounces in silver, valued at \$360.10, making a total of \$27,317.01, was received at the local assay office.

According to reports received at the office of James A. Pollock & Co. this morning, the March exportation of copper was 19,541, making a total since Jan. 1, of 70,933 tons. The report showed a loss of 5,253 as compared with Februari, and a loss of 2,283 as compared with Februari, and a loss of 2,283 as compared with a year ago. The London visible supply (foreign) of copper on April 1, was 11,432 tons, a decrease of 1,397 tons in two weeks.

PAY ROLL STARTS IN JARBIDGE CAMP TODAY

First Hoist Arrives in the District-Road Into Gold Country Nearly Finished-Working Leases.

"I suppose today is the big day in Jarbidge and it marks the real begining of the payroll of the camp," said Louis Lefkevits, who left the camp Monday. He came out of the camp with E. J. Roberts, making the entire 90 miles from Jarbidge to Twin Falls in one day. Their experiences in get-ting out of the camp were thrilling. They started from camp early in the norning on horse back. At Three Creek they dickered for a four-horse team as the stage had gone. After paying a heavy price for the use of the riving late in the evening. The last train had left and no more would run that night. Roberts and Lefkevits then hired four Greeks at \$5 each and after dark slipped away with the railroad handear and reached Twin Falls that

night.
According to Mr. Lefkevits, who is interested with Harry and Morris Macmilian, the first of April is a big day in the camp as the 20 leases that have been given on the Bourne property begin work today. According to the contracts, each leaser must work 50 shifts a month, so that at least 100 men are
employed. The Pavlak property has five leasers working and there are
various other bits of work going on.
Prospecting and assessment work is
is also going on so that within 30 days
Mr. Lefkevits expects a payroil of 500 men.

men.

"Saloons have at last been thrown open in Jarbidge," says Lefkevits.

"There are two big gambling houses and everything is lively.

"An order has been given for a capload of beer direct from Milwaukee for the camp. It is getting to be a real mining town.

"An order has been given for a carload of beer direct from Milwaukee for
the camp. It is getting to be a real
mining town.

"When I left camp the holst purchased by C. G. Winters for the Pick
& Shovel properly had just reached
camp after being on the road for
weeks. The cost of hauling the holst
into camp must have been very heavy.
It will be the most expensive one of
its kind that will probably ever reach
the camp, as the freight charge must
have been enormous. It cost at least
8 cents a pound to get it into the camp,
and the total cost must have been
close to \$10,000.

"When I left the wagon road had
been completed within three miles of
the camp. Where freight now costs
10 cents a pound it will be 2 cents as
soon as the road is finished.

"I believe that in 60 days 5,000 people will be in the camp. There is now
a population of close to 2,000. When
I went there 30 days ago there was a
large number of people there. But
when I left there was not room for
another tent on the townsite. It is just
one tent after another, hundreds of
them,
"I understand that at the Jarbidge

"I understand that at the Jarbidge Bunker Hill property a fine big shoot of ore has been encountered. It is at the intersection of two veins. The extent or value of the ore I was not able to learn."

IS AGAINST MERGER

Mining Man Declares Butte Merger Means All of Montana.

Means All of Montana.

"The merger of the copper mines of Butte is more far reaching than most people conceive of," said a well known mining man today. "Long after the mines have played out the company will have an enormous income from its timber lands. At the present time their valuation must be close to \$40,-000,000. The merger there does not mean Butte alone, but it means all Montana, the mines, smeiters, lands, judges, hawyers, senators and everything of value that can be secured.

"The forests will be taken for the giant monopoly. I cannot see where a great merger like is planned will do any but the few any good. It will certainly not do the independent miners any good. All the good independent good. All the good independent

concerns will be swallowed up in the big organization.
"Everybody talks enough for the merger now, but just as soon as it is accomplished you will hear another story. The cry against Standard Oil will not be half as loud as that which will go up against the mining monopoly that is growing up. Copper will be taken care of first, then silver, lead, ying and the more precious metals. As be taken care of first, then sliver, lead, zinc and the more precious metals. As long as mines exist there will be fluctuations in metal prices and necessarily quick changes in stocks. With a monopoly like that proposed the market would be steadler but the dear public will pay for it."

ELEVEN HUNDRED FISHERMEN PERISH IN STORM

Victoria, B. C., March 31.—Details of be great storm of March 12, on the Japanese coast, in which more than .100 fishermen perished, were brought by the steamer Tamba Maru today The tempest was most severe off Chiba and Iburagi prefectures and the official report that gave the loss as 84 vessels and 1.100 men, is generally believed to be too conservative. The
wrecks of 34 fishing vessels from
Cheshi, Chiba prefecture, and 14 from
other villages, which took out 500 men,
have been found by patrols, and similar news of disaster was brought from
Mito, in Ibaragl, where vessels constaining 400 men were missing and the
majority known to be wrecked. When
the hurricane broke 130 fishing vessels
attempted to make their way into Choshik harbor refuge, but nearly all were
capsized off the harbor entrance by
heavy seas. Few bodies were recovered.

red.

The Japanese cruiser Takachihe was urried to the scene to patrol, and a umber of Red Cross nurses were sent those rescued. The cruiser

This request is made in order not to have valuable time thus con-sumed during the conference sessions

Miss Willis Leaves Office-After six ears of faithful and conscientious fork, Miss Lydia Willis today severs er connection with the Presiding lishops' office, having tendered her seigns the

Small Fire at Lumbed Home-At 7:20 this morning there was a small fire at the home of Charles Lumbed, 423 Tenth East street, caused by a defective flue. The blaze did damage to the roof amounting to about \$20 but the contents were not damaged. The apparatus from No. 5 responded to the alarm and guickly extinguished the irm and quickly extinguished the

Miss Tout's Ovation-Miss Maggie Miss Tont's Ovation—Miss Maggie Tout took part in the rehearsal of the tabernacle choir last evening, and received an ovation. There were nearly 300 singers present, yet in the rendition of the great "Inflammatus" her voice could be heard above the whole number. At the conclusion she was warmly congratulated by Prof. Stephens and those who were listening said that the rendition recalled the Nordica performance. The selection will be heard at next Tuesday evening's concert.

Nurses Wanted-The civil service commission has made a requisition upon Utah for trained nurses who are wanted on the Panama canal, in the Philippine and Indian services. The maximum salary will reach a little over \$1,200 a year. The examination will be held on April 13 in Salt Lake, Provo and Logan.

Elks' Social—The most attractive and enjoyable social of the year was given at the Elks' club house Thursday night in honor of members of the cast of "The Big Noise" and of the retiring officers of the lodge. About 150 members of the cast participated in the reception and for two hours or more the little folks "owned the club." They danced until weary and then were served with refreshments. Col. C. L. Applegate provided ices frozen into figures of flowers birds and animals and several ladies presided over the punch bowl. During the evening addresses were made by Exalted Ruler James W. Collins and Exalted Ruler clect W. G. Romney.

Plumbing Inspector Busy—In line with other departments the city plumbing inspector's office shows in its March report an increase of improvement work done. During March there were 230 sewer inspections and 21s plumbing permits issued. This nearly doubles the record for March of the previous year, the record then showing 123 sewer inspections and 109 plumbing permits and 100 plumbing permits an inspections and 109 plumb ing permits.

PERSONALS.

H. A. Veits, general manager of Fuller, Warren & Co., the big stove founders of Minneapolis, and party were in town today, en route to the Pacific coast. They were shown about the city by Secy. Wells of the Co-op. Wagon & Machine company, and expressed themselves as delighted with the looks of the city, and the general prospects here.

Mrs. George S. Bell has returned from a pleasant trip to California.

James McTiernay is slowly regaining his health at the Holy Cross hospital. Fish Commissioner E. W. Chambers has gone to Sanpete county, where he will plant 200,000 fish fry in the local

STOCK CERTIFICATES.

stock certificates, bonds, and blank boks of any size or style made to THE DESERET NEWS JOB DEPT.

CLOSE STAGNANT

New York, April 1.-The execution of orders on hand gave the opening stock narket today a brief semblance of ac-

Dealings lapsed into dulness within a few minutes. Price changes were narrow and irregular. New York Central rose L American Smelting declined %.

Speculation became firm in tone, but here was not much increase in the volume of business, the buying running preity generally to a few of the best known stocks. Consolidated Gas rose 2 and St. Paul, Texas & Pacific, American Car and Westinghouse Electric 1.

The beginning of gold exports to London was followed by a sagging of prices which placed the average level below last right. Great Northern Ore certificates and Northwestern rose 1. Illinois Central and Big Four fell 1.

Bonds were irregular.

When the selling orders had been cleaned up the market became steadier but did not advance much above yesterday's closing. Pennsylvania was conspicuously firm, rising to 135%.

There was a renewed decline in prices in the late Session which did not amount to much except for Pennsylvania, which reversed its early course and fell back a point.

PRODUCE.

CHICAGO.

Chicago, April L—Although dry weather prevailed quite generally throughout the southwest the wheat market was inclined to drag during early trading today. Leading commission houses were moderate cellers and demand was slack. The May delivery, which displayed considerable activity yesterday, was dull and weak

following a little firmness at the start. Prices at the opening were % lower to % higher, July being at 1.68% to 1.68%. September opened at 1.05% to 1.06%. Before the end of the first hour July had dropped to 1.08% and September to 1.05%

≈PAVLAK≈ Now

This is the strike made last October, by Mike Pavlak and Peter Thorout, and is the original discovery, which in conjunction with the Bourne Strike, created the first excitement in the Jarbidge Mining District.

The Jarbidge Pavlak Mining Co., is incorporated under the laws of the State of Nevada. Capital Stock \$1,500-000, par value \$1.00, fully paid and nonassessible, 700,000 shares of stock are placed in the treasury for the development and equipment of it's property. The showings on the Pavlak from

recent developments, are of the best in the Jarbidge Mining District and are second to none in the state. The holdings of the company consists of five full mining claims and two

fractions, in all covering an area of 140 acres of mineral ground. Five lessees are now at work on the property and the Jarbidge Pavlak Mining Co., is now driving a tunnel which will cut the main ore bearing vein at a depth of 410 feet.

The stock is active and as the market is strong, we anticipate that this stock will advance very rapidly. This announcement gives the public it's first opportunity to become inter-

ated the Jarbidge excitement. "I can sav without fear of contradiction, that the showings on the Pavlak are of the best."

ested in a proven property which cre-

J. HARRY PRICE.

Mining Engineer. "Under the existing conditions for cheap mining and milling I consider the Pavlak one of the best prospects in the State of Nevada. E. A. RICHARDSON.

Mining Engineer.

Brunn Kinney & Co.
